

Senior Risk & Insurance Analyst Capital Group Companies

As a Senior Risk and Insurance Analyst based in Irvine or Los Angeles, you will partner with senior leaders across Capital Group to help oversee the global corporate insurance program. You will be responsible for ensuring that various risk management programs provide associate safety and protection of Capital Group's interests and assets. Additionally, you will be responsible for analyzing and improving existing insurance programs to ensure favorable coverage, cost and claim settlements.

Responsibilities:

- Manage the Property & Casualty insurance procurement and administration for US and non-US operations as well as coordinate the policy renewal process
- Assist the FinPro and Cyber insurance procurement and administration as well as coordinate the policy renewal process
- Review policies for accuracy and contractual cohesiveness and manage the claims process including processing and filing claims, monitoring the remediation/repair process
- Analyze workers' compensation claim data to identify cost drivers and evaluate claims trends, and partner with Benefits department on claims
- Prepare documentation for regulatory compliance filings relating to bonding of officers and associates and coordinate with compliance associates to execute the filings
- Serve as the risk management contact in assessing vendor risk and provide risk assessment through coordination with other departments to ensure safety and protection of Capital Group's interests and assets

Hiring Criteria:

- Minimum 5-7 years of corporate insurance experience and a Bachelor's degree in business, economics, finance, actuarial science or related field
- Excellent communication skills and the ability to work with a diverse group of associates and senior business leaders
- Demonstrate intellectual curiosity, analytical skills, and sound judgment in solving problems
- Excellent organization, project management and planning skills with the ability to ensure accountability of work through various teams
- Risk management, brokerage, or insurance carrier experience a plus
- Intermediate knowledge of Microsoft Office applications and working knowledge of risk management information system desired
- ARM or CPCU designation preferred
