

Looking to find a place that fits just right? AHMC is expanding to become one of Southern California's premier healthcare systems. With over 200,000 total patients treated annually in our more than 1,100-bed health network in LA and Orange County, AHMC is the perfect place to maximize your career.

Workers' Compensation Coordinator

AHMC Healthcare, Inc.
Alhambra, CA

What you will do:

As a Workers' Comp Claims Coordinator, you will be responsible for the investigation, evaluation, disposition and settlement of the most complex claims and highest exposures. This includes the investigation, determination and evaluation of coverage, liability and damages, and the evaluation of proper reserves.

What you will need:

- Bachelor's (BS or BA) degree in a field of study related to this position preferred
- Minimum of 5 years experience as a workers' compensation adjuster
- Five or more years of claims-related experience with a consistent high level of performance and achievement
- Workers' Compensation Claims Administrator Certificate (WCCA) and/or Workers' Compensation Claims Professional (WCCP) preferred, but not required
- Extensive knowledge of accepted industry standards and practices
- Ability to effectively operate a computer, knowledge of MS Office applications, and related claims and business software
- Knowledge state workers' compensation laws
- Possess excellent negotiating skills and communication skills

How to apply:

While we have the flexibility and security of a large health system, we never compromise on patient care. AHMC Healthcare offers competitive salaries and benefits.
